## 2 YEAR HEALTH GUARANTEE AGREEMENT

Thank you for purchasing a puppy from our family farm. We strive to provide puppies that are healthy and well socialized. We have provided you with a certificate of health from our vet to guarantee the puppy to be in good health at the time of transfer. If any genetic health defects are found by your licensed vet within two years of adopting the puppy, then the puppy can be returned with a statement from the vet for a full refund of the purchase price or another puppy. Any vet care after the transfer of the puppy is the sole responsibility of the new owner. All puppies are up to date on shots and dewormer.
